Shown with Ivory Shade with Satin Nickel Hardware

Voltage

110V

Description

Mouth-blown in Murano, Italy. Signed "Oggetti." The glassblower applies a wrap over a gather of glass and then pulls the undulating pattern. A contrasting rim is created with a separate bead of glass. Amber and grass have a thin rim of red; ivory has a thin rim of green. Visible hardware is satin nickel or dark bronze. ADA.

Additional Information

No two shades are exactly alike. There will always be variations, which are typical of a handmade product and contribute to its beauty.
